

CAMPUS NEWSLETTER Q2

What's happening at Echo?

We at Echo are proud that the first quarter of this year marked our third straight quarter of record-setting revenue. With over \$800 million in gross revenue during Q1, these results are a testament to the hard work and dedication of all Echo team members who continue to deliver top-notch service to our clients and carriers, even during the ongoing challenges caused by the pandemic. Check out [this article by FreightWaves](#) to learn more.

Campus Updates: Welcome Summer 2021 Intern Class!

Echo welcomed over 60 interns to our home office in Chicago and many of our branch locations. Our interns (from 30+ schools) are spending the summer partnering with a mentor and living the freight life. They'll learn the Echo way, what success looks like, and will learn how to seal the deal. Whether it is technology, sales, finance, marketing, or managed transportation, our interns are making a positive impact and influencing the success of Echo.

Virtual Interviewing Tips

Although many companies' offices have reopened following the pandemic, virtual interviews are here to stay! At Echo, we're here to help you rock your next virtual interview. Click the link below for a few tips and tricks for virtual interviewing that can help you land your next opportunity.
