

Expedited Shipping Simplified

Echo Global Logistics provides hot shot ground and air cargo services for time-sensitive shipments all over the U.S., drawing on our network of more than 10,000 expedited carriers. Our team diligently monitors your shipments from origin to destination to ensure a time-definite delivery.

Need It There Fast? Count on the Experts at Echo to Get It There

Echo's expedited services include:

- **Direct Ground:** Express cargo, sprinter vans, straight trucks with lift gates, on-demand team truckload
- **Expedited LTL:** Next-day, second-day, time-definite, guaranteed deliveries nationwide
- **Air:** Exclusive-use charter, next flight out (NFO), next-day, time-definite deliveries

At Echo, we understand that any delays of your critical shipments can have rippling effects on your business. Trust our team of experts to handle your urgent requests and to provide the best options for your freight within your timeline.

Our Team of Dedicated Experts Value Service & Performance

- Ability to handle new product introductions, critical orders of component shortages, seasonal spikes, surge needs, and end-of-month & end-of-quarter demand
- Evaluate each shipment to provide the most effective solution for the best value
- Commitment to service excellence
- Continuous investment in technology and innovation
- Development of close carrier relationships and a robust carrier network

At Echo Global Logistics, our expedited shipping solution ensures your freight delivers on time, safely, and within budget. With our unique network of carriers, Echo provides you with the options that best meet your needs.

Book your next expedited shipment with Echo.
