

Temperature-Controlled LTL and Warehousing

Through its acquisition of Roadtex, Echo Global Logistics provides advanced temperature-controlled transportation solutions and a national warehouse footprint.

Temperature-Controlled LTL

- Delivery to big box and grocery retailers
- Temp-controlled (50-65° F/10-18° C) and time-sensitive shipments nationwide
- 24/7/365 built around customers' MABD, RAD, or just-in-time expedited delivery date
- Delivers next day to 85% of U.S. population
- On-time delivery rate of 98.5% nationwide
- All deliveries live unloaded by PO
- No sailing schedules
- Trucks routed from all points

Warehousing & Warehouse Services

- 32 food-grade cross dock facilities
- More than 2 million square feet of warehouse space
- Third-party model warehousing
- Forward Product Positioning (short-term or project-based)
- Container unloading
- Pick and packing, repacking, shrink packaging, and overwrapping
- Customer display building
- Cross-docking
- Drayage

Premier Provider to Mass Merchants and Big Box Retailers

- Retail
- Confectionary
- Nutraceutical
- Pharmaceutical
- Food and grocery
- Direct to consumer
- e-commerce
